

# NORTHOAKS PRIMARY SCHOOL

Letter to Parents 36/2020

29 March 2020

Dear Parents/Guardians,

## **STUDENT WELL-BEING**

### **Home-Based Learning for All Students on 1 April 2020 (Wednesday)**

MOE has announced for primary schools to conduct weekly home-based learning (HBL) on every Wednesday with effect from April 2020.

We strongly encourage all parents to support this initiative by making arrangements for your child/children to stay at home to participate in HBL so that we can all do our part to support the additional safe-distancing measures put in place by schools to minimise the spread of Covid-19. In addition, should there be more days of HBL required in future, your child/children will need to be familiar and be prepared for this mode of learning at home.

As such, we would like to inform you that we will limit the number of students returning to school so as to make the HBL exercise more meaningful. We will only allow a very small group of students whose parents are not able to make alternative childcare arrangements to be in school. Likewise, the school can only deploy a very small number of staff to be present in school with most of our staff supporting our students in their HBL from home.

Hence, the priority to return to school for HBL will be given to those parents working in essential services like healthcare or public transport as only a small group of staff will be stationed in the school to supervise the students.

In order for us to better support your child/children in their HBL, we would like you to complete a short survey **by 30 March 2020 (Monday)**. You can access the survey through the following link:

Your assistance in completing the **NKPS Home-Based Survey** promptly is important so that the school can facilitate the necessary arrangements to better support your child/children in their learning at home on 1 April 2020 (Wednesday).

Thank you.

In partnership with you
