The NKPS Philosophy of Care and Growth

The NKPS Philosophy of Care embraces both the present and future needs of our students. While meeting the pastoral care needs of our students is key to ensuring that they maximise their school experience, it is also important that we prepare our students well for the opportunities and challenges of the future. This entails: **i) placing emphasis on developing a strong values system in them; ii) implementing a curriculum that engages them; iii) building their resilience and adaptability; and iv) identifying and growing their strengths.** This ensures we set the foundation for our students to continue to thrive as learners and leaders who remained deeply rooted morally, beyond the gates of the school.

3 areas we can work together on to foster School-Home Partnership

1 Respectful Communication

2 Role Models

3 Real Connections

Respectful Communication

**Foster kind words and actions
between schools and educators**

Listen to and understand each other's perspectives and concerns regarding each child

Communicate kindly using official channels. Teachers are not required to share their personal mobile numbers

Respect each other's time by communicating during working hours

Role Models

Show our children the skills and values they need for life

Find joy in everyday experiences with our children

Instill confidence by encouraging responsibility and believing in our children's abilities

Model good values in words and actions

Check out this video on MOE YouTube for tips on how parents can support the social-emotional learning of their children.

Real Connections

Cultivate strong relationships and healthy habits in this digital age

Establish good habits for our children to stay confident and in control of their technology use

Build strong bonds through shared experiences and meaningful conversations

Provide a balanced mix of engaging online and offline activities, at school and at home

Check Parenting for Wellness Toolbox for conversation starters to facilitate meaningful conversations, and practical strategies on parenting in a digital age.
